

Rosaline

Original Product Catalogue

CARE, CONFIDENCE, CONNECTION

An English-only presentation of Rosaline skin, hair, baby and fragrance care.

OUR STORY

Care that travels with you.

Rosaline was established in 2011 as part of the Zamanian family enterprise, whose international business experience reaches back to the 1980s. Our family brings together businesspeople, engineers and planners across manufacturing, research and development, consulting and general trading.

We are not looking for one-time deals. We are building lasting relationships with partners who become friends and friends who become family.

SKIN PROTECTION

Petroleum Jelly

A versatile skin-care essential in familiar jars and a modern Rosaline squeeze-tube format. Designed for dry areas and everyday moisture-barrier support.

Everyday protection, finished with a fragrance personality of your choice.
